Purpose of this policy

1. This policy is designed to highlight eligibility criteria and to facilitate a fair and transparent selection process for representing England at Beach Volleyball in international events including but not restricted to FIVB Pro Tour, CEV, Foreign Domestic Tours, Multi-Events Games, Invitational Senior and Age Group Events.

2. For FIVB Pro Tour Events and Foreign Domestic Tours, Volleyball England fully encourages the participation of all eligible teams of the correct sporting standard. For these events players will come under this policy but selection meetings will not be held unless required with reference to Annex A.

Subjective nature of selection decisions

3. Volleyball England does not consider it effective to select players based on hard-edged criteria (for example UKBT results). Such an approach would not take into account factors such as injury or illness which may have prevented performance.

4. Volleyball England recognises that selection decisions should be made on a subjective basis, considering a variety of factors. A list of factors which may be considered in selection decisions is set out in paragraph 25.

5. Subjective selection decisions will be made by the Selection Group, as detailed in paragraph 11.

Purpose of selection decisions

6. The objective of each selection decision is to:

   6.1. select the players with the best chance of achieving the highest placed finish at the relevant championship or event; and/or
