

Volleyball England

The way forward – ‘Join us at the net 2017/21’
A brief update on the Core Market...

Last time we spoke...

We were:

- Working to secure external funding (Sport England)
 - Consulting with our commission leads (now work stream leads) on the focus areas for our sport
 - Turning the head office in Loughborough into a HUB for information and support
 - Exploring new ways to capture data on volleyball participants and activity
- Reviewing our governance structure
 - Recruiting Directors and Independent Directors
 - Recruiting an Independent Chair
 - Creating a new structure of sub-groups and work stream leads

Where are we now?

We have:

- Secured external funding from Sport England within a set criteria
 - We are developing a strategy based on the five key areas plus the development of a data capture system

Volleyball Culture - Volleyball Futures - Volleyball Insight - Volleyball Environments - Volleyball Competitions

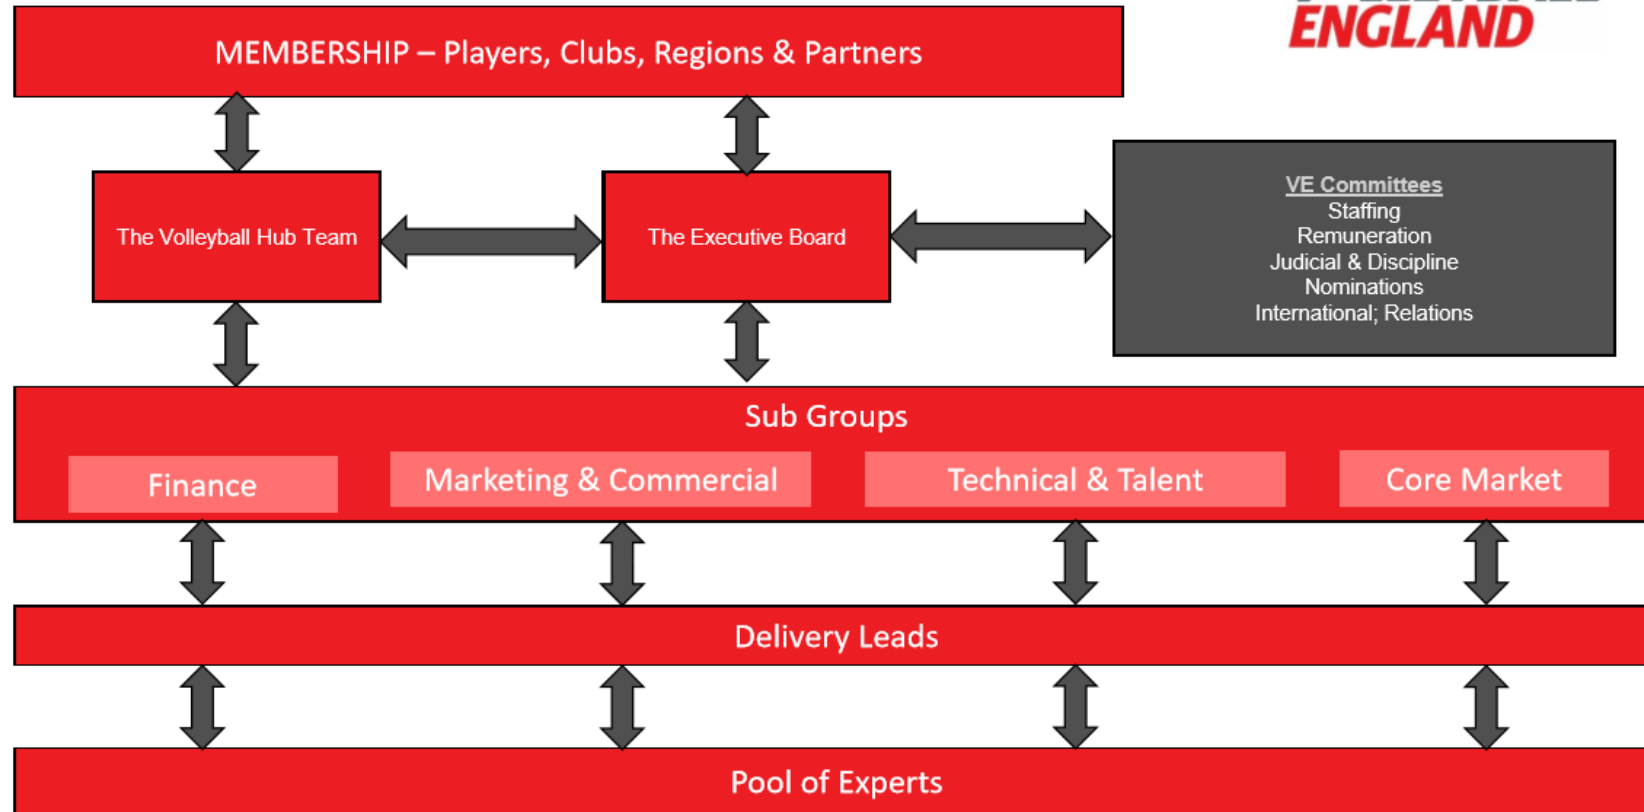

- Changed our organizational culture to be more open and sharing, supporting decision making rather than dictating.

Where are we now?

We have:

- Following the Volleyball England AGM we now have in place a new team of directors lead by an independent chair, Adam Walker
 - A director's induction will take place on September 16th ahead of the first meeting of new board on September 17th
- The new governance structure was approved and we move forwards now with sub-groups, work stream leads and the Pool of Experts
 - The Pool of Experts is now open – please sign up so that you can join our working groups and task and finish teams

Governance Structure April 2017

Thank you for your support!
