KN sought clarity on the items sent for info only as he felt that these contained items that should be discussed by the board. GA stated that anything specific that needed to be brought to a meeting should be requested to be placed on the agenda or discussed as AOB.

48.1 None.

**EB/14-15/64 Board Development Programme**

49.1 Sophie Stephenson from Deloitte gave an overview of the Board Development Programme that has been funded by Sport England. The programme will incorporate 3 stages:

- Stage 1 (2014-15 funding year) – Conduct a skills/development review and analysis of all board members both individually and as a group. Identification of any gaps in skills or knowledge across the collective board. This will be conducted through surveys and individual representative interviews.

- Stage 2 (2015-16 funding year) – Build board effectiveness and cohesiveness through facilitated group sessions and individual developmental sessions.

- Stage 3 (2015-16 funding year) – Development of support tools that provide an ongoing framework for the development and assessment of effectiveness of the board. Development of a framework and support tools for a robust mechanism for succession planning for the board.

WR proposed that the group should consider succession planning.

JB recommended that we focus on the development of togetherness.

It was proposed that Deloitte combine their work with the next Leadership session.

Dates to be reviewed for the next Leadership Team meeting and the Board to contribute to the agenda for the day.

EB/14-15/69 English Volleyball League Proposal

69.1 KN gave an overview of the papers circulated in relation to the English Volleyball League proposal. KN stated that the papers were circulated so that individuals on Commissions or Regions who have heard rumours about the idea do not feel excluded or only get half of the message.

69.2 RCk stated that the board agreed the concept at the last board meeting and that a working group was to be formed. RCk was disappointed that the papers were circulated to Commissions against the wishes of two directors. RCk suggested that the EVL proposal should be brought in to the competitions review group.

KN responded that the papers were circulated as directed in the November Board minutes.

69.3 It was agreed that the scope of work was greater than that of the competitions review group and a separate working group should be formed.
It was agreed that the group would be composed of:
