ENGLISH VOLLEYBALL ASSOCIATION LIMITED

FRAMEWORK DOCUMENT

of

English Volleyball Association Ltd
1. **INTRODUCTION**

Volleyball England is the brand name of the English Volleyball Association Limited (referred to in this Framework as the “Association”). The Association is recognised by FIVB, CEV, WOVD, ECVD, British Volleyball, UK Sport and Sport England as the National Governing Body for volleyball, beach volleyball and sitting volleyball in England. The Association is responsible for the development, promotion and delivery of the sport of volleyball, in all its disciplines, across England.

This Framework document forms part of the constitution of the Association, and supplements the Association’s Memorandum and Articles of Association (“Articles”). This Framework has been introduced as a result of the comprehensive governance review that has been carried out by the Association to set the Association up for the next stage of its development, building upon recent Sport England audits which confirmed the Association’s status as a well-governed National Governing Body.

This Framework, together with the new Articles, represent a major stage in the modernisation and development of the administration of the Association in preparation for the opportunities and challenges facing the Association and the development of the sport of volleyball in the years up to and following the London 2012 Olympic and Paralympic Games.

The Articles detail the categories of membership of the Association, establishment of Associations, Committees, and Commissions, organisation of member meetings, the appointment of directors, the governance of the Association by the Executive Board and other matters. This Framework builds upon the Articles by providing further, more operational or administrative details relating to:

- membership of the Association, the mechanisms for becoming a member of the Association and the administration of membership;
- the benefits available to members of the Association;
- the roles, structure and administration of the Regional Associations and Area Associations, Committees and Commissions;
- important policies that have application across the Association’s activities;
- the core sports technical rules; and
- the judicial and disciplinary regulations dealing with disputes and appeals with the sport or its administration.

The provisions of this Framework are binding on all members of the Association, who are deemed to agree and accept the terms of this Framework on becoming members. This Framework should be read in conjunction with the Memorandum and Articles. If there are any inconsistencies between this Framework and the Memorandum and Articles, the provisions of the Memorandum and Articles will prevail. Other publications which also include information and policies which supplement this Framework include the Staff Handbook.

The Executive Board have responsibility for drafting, amending and updating the Framework from time to time as it sees appropriate in light of the development of the Association and the sport of volleyball. Any updates to the Framework will be notified to the members of the Association, including at the Annual General Meeting. Copies of the Framework will be available upon request from the Associations’ registered office as well as on the Association’s website at [www.volleyballengland.org](http://www.volleyballengland.org)
